

Reasons to buy Circuit

Make your teamwork better.

It's easy and cost-effective

Save money and start collaborating right away! Since Circuit is a "service" in the cloud, you pay less up front and avoid the hassle of complex implementations. One monthly fee, plus new functionality and enhancements are included at no additional cost to you.

Bring in fresh thinking with new technology

Be a change agent and introduce a new way to work to your organization. Circuit provides an entirely re-imagined user experience for teams and Anywhere workers. It's one application bringing together all types of media into a single pane of glass. Collaborate in whatever modality feels most natural and stay plugged in with the rest of the team.

Successful teams help you achieve your business goals.

Need workplace flexibility?

Do your teams live and work in different cities? Or are they spread across the world? Circuit doesn't care. It's your virtual office making sure you're always part of the team. Simply sign in and begin to collaborate. Connect from wherever you are and from whatever you want - your PC, Mac, iPhone or iPad.

Does your business move fast?

So does Circuit! With its powerful search, rich textual messaging, and easy voice calling, you can shorten sales cycles and issue resolution. Use any media of choice, and add as many people to the conversation as needed – Circuit makes your teamwork faster and more successful.

Feeling unprepared?

Be prepared with Circuit. It never loses track of what you know or what you need. Whatever you shared, viewed, or discussed stays together in one place – exactly where you last shared it. And if you miss a meeting, no worries, you'll find what you missed as well.

Do your teams need a boost in productivity?

Circuit brings teams together more efficiently, beyond the confines of email threads. HD video makes you feel more involved; high fidelity audio sounds like you're in the same room. Share your thoughts, review your work, and engage more naturally and more clearly. With Circuit, teamwork is better.
